Bronze Air Conditioning & Heat Pump Plan

WatchGuard® Air Conditioning Plan

The Sippin Energy Products WatchGuard Bronze air conditioning and heat pump service plan provides a comprehensive scope of coverage for any air conditioning or heat pump system. This plan provides an annual preventive maintenance visit (see below), and provides a 20% discount on parts and labor for all replacement parts. This plan is an excellent solution for keeping your air conditioning or heat pump system running at its peak performance and highest efficiency. Preventive maintenance is also recommended to identify and correct any problems before they result in system failures. Best of all, all service and installation work are performed by our staff of licensed technicians.

Included Annual Preventive Maintenance

This plan provides expert service and preventive maintenance for your Air Conditioning system. A great value for priceless "peace of mind". This plan includes...

Preventive Maintenance Visit: Condensing Unit

- Check refrigerant charge
- Check system pressure levels
- · Check condenser blower motor & fan
